

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF ENVIRONMENTAL QUALITY
LANSING

DAN WYANT
DIRECTOR

January 10, 2014

Mr. C.T. Case, General Partner, Deputy Assistant Secretary
Marathon Petroleum Company LP
1300 South Fort Street
Detroit, Michigan 48217-1294

Dear Mr. Case:

This letter is in reference to your Permit to Install (PTI) application, identified as No. 63-08D. The application was received on July 19, 2013, for modifications to the Detroit Heavy Oil Upgrade Project (DHOUP) located at 1300 South Fort Street, Detroit, Michigan (State Registration Number A9831). The review of your application is complete.

This letter is also in reference to the proposed entry of a Consent Order with Marathon Petroleum Company LP to resolve alleged violations of the Clean Air Act and PTI No. 63-08C.

The Air Quality Division (AQD) is extending the public comment period on the proposed draft Consent Order and the intent of the Michigan Department of Environmental Quality (MDEQ) to approve the permit. The public comment period began on December 4, 2013, and will end on February 19, 2014.

The MDEQ has rescheduled the informational session and public hearing for February 19, 2014. The informational session and public hearing will be held at the Kemeny Center, 2260 South Fort Street, Detroit, Michigan. The informational session will be held from 6:00 p.m. until 7:00 p.m., at which time the AQD staff will provide a brief introduction regarding the proposed actions and will be available to answer questions. The public hearing will follow at 7:00 p.m.

You may submit comments during the comment period and are encouraged to appear at the informational session and public hearing on behalf of your PTI application and draft Consent Order.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your permit application and draft Consent Order.

By law, construction of the proposed process should not begin until you receive an approved PTI. *This letter is not an approved PTI* and only references a proposed action on your application.

Enclosed is a copy of the "Notice of Air Pollution Comment Period and Public Hearing". The "Fact Sheet," the draft Consent Order, and the draft permit conditions regarding our analysis of your proposed project are available at <http://www.deq.state.mi.us/aps/cwarp.shtml> or you may contact me for printed copies. Please note the draft Consent Order, the draft permit conditions, and the "Fact Sheet" have not changed since the original public notice was published on December 4, 2013.

Mr. C.T. Case
